**James Brannigan, Principal
Jana Kieschnick, Assistant Principal**

Dear Student:

This handbook has been prepared to provide you and your parents with information about school services, rules, holidays and schedules, and co-curricular opportunities.

Information printed in this book is an attempt to save you time and trouble by making general school information readily available to you. Since it is important that each person understands his/her responsibility for the successful operation of this school, information is provided on attendance, discipline, classrooms, the standard school day, parking facilities, and other general information.

It is your responsibility to be familiar with the contents of this handbook. Additional information or explanation will gladly be provided upon request. Ask your homeroom teacher, your counselor, or principal for further help.

This handbook represents a desire on the part of the faculty and staff to serve you. Please keep this handbook and refer to it often.

The faculty and staff of Odem Elementary wish you a happy and successful school year.

Respectfully,

Jim Brannigan, Principal

MISSION STATEMENT

ODEM-EDROY ISD

What business we are in....

Why we exist....

**To Empower all Students to Be
Self-Directed, Life-Long Learners
In a Changing World.**

Odem Elementary School Mission Statement

The mission of Odem Elementary School is to prepare its students for the future within an environment of strong instructional leadership, high expectations for success of all students, sufficient time for teaching and learning, a safe and orderly school, frequent monitoring of students' progress, and effective home-school communication.

IN A WAY THAT:

- Ninety percent of all students will master grade level TAKS.
- The gap in achievement scores between low socioeconomic and mid to high socioeconomic status students will decrease annually by at least 1% points each year.

SO THAT:

Our students develop to their maximum potential as positive contributors to society. At Odem Elementary, we believe all children can learn, all educators can grow, and all parents can help!

ODEM-EDROY INDEPENDENT SCHOOL DISTRICT

SCHOOL PHILOSOPHY

ODEM-EDROY INDEPENDENT SCHOOL DISTRICT supports the philosophy that each student needs to acquire the skills necessary to become a productive citizen. Our students must be given the capacity to utilize the knowledge they gather as a useful tool in sound life-long decision making. They must be challenged and stimulated. Expectations for their level of performance and behavior must be high.

Excellence of education chiefly depends upon the quality of inter-personal relationships among all persons in the organization; the depth of parental and staff support; and the quality of supportive materials, resources and facilities.

DISTRICT STAFF

Our school's most important goal is the development of a high-quality educational system that will prepare all youngsters for life in a fast-changing and complex world. Students are the most important persons in our school. Students come to us with needs and/or wants. It is our job to fill them. Students are deserving of the most courteous and attentive treatment that we can provide. Please help us by supporting the challenge and commitment we have for quality education in the Odem-Edroy public schools.

DISTRICT STAFF RECRUITMENT

The most vital function of schooling is that of outcomes for students; thus, it is imperative that in every operation, the district employs the kind of people who will make a real difference in the lives of students. It is equally important that, once employed, staff members be given the proper support so that they may grow and become more effective after they are on the job.

To avoid random selection, all prospective Odem-Edroy ISD staff are subject to a careful process of screening, interviewing, and evaluation.

BELIEF STATEMENTS

In implementing an instructional program that will enable us to achieve the mission of Odem-Edroy ISD, we will adhere to the following statements of belief:

In Regard to Students and Learning,

We believe that all students...

- Must value self and others
- Have the innate gifts and talents to become happy, successful, and productive citizens
- Can acquire the skills, orientation, competencies, and knowledge necessary to continue a life-long process of learning
- Learn in different ways and at different rates
- Learn best in a safe and positive environment
- Can enjoy the process of gaining knowledge

In Regard to Faculty, Parents, and Community,

We believe that all faculty, parent, and community members must...

- Provide a quality education
- Provide all students with a safe and positive environment
- Support all Students
- Establish an atmosphere based upon dignity and mutual respect
- Encourage and motivate all students

PREFACE

To Students and Parents:

Welcome to school year 2009–2010! Education is a team effort, and we know that students, parents, teachers, and other staff members all working together can make this a wonderfully successful year for our students.

The Odem Elementary School Student Handbook is designed to provide a resource for some of the basic information that you and your child will need during the school year. In an effort to make it easier to use, the handbook is divided into two sections:

Section I—REQUIRED NOTICES AND INFORMATION FOR PARENTS—with notices that the district must provide to all parents, as well as other information to assist you in responding to school-related issues. We encourage you to take some time to closely review this section of the handbook; and

Section II—INFORMATION FOR STUDENTS AND PARENTS—organized alphabetically by topic for quick access when searching for information on a specific issue.

Please be aware that the term “the student’s parent” is used to refer to the parent, legal guardian, or any other person who has agreed to assume school-related responsibility for a student.

Both students and parents should become familiar with the Odem-Edroy I. S. D. *Student Code of Conduct*, which is a document adopted by the board and intended to promote school safety and an atmosphere for learning. That document may be found as an attachment to this handbook and is available in the principal’s office.

The Student Handbook is designed to be in harmony with board policy and the *Student Code of Conduct*. Please be aware that the handbook is updated yearly, while policy adoption and revision may occur throughout the year. Changes in policy or other rules that affect Student Handbook provisions will be made available to students and parents through newsletters or other communications.

In case of conflict between board policy or the *Student Code of Conduct* and any provisions of the Student Handbook, the current provisions of board policy or the *Student Code of Conduct* are to be followed.

After reading through the entire handbook with your child, keep it as a reference during this school year. If you or your child has questions about any of the material in this handbook, please contact a teacher, the counselor, or the principal.

Also, please complete and return to your child’s campus the following required forms included in this handbook:

1. Parental Acknowledgment Form;
2. Student Directory Information Form;
3. Release of Information to Military Recruiters and Institutions of Higher Learning Form; and
4. Consent/Opt-Out Form.

[See **Obtaining Information and Protecting Student Rights** on page 4 and **Directory Information** on page 10 for more information.]

Please note that references to policy codes are included so that parents can refer to current board policy. A copy of the district's policy manual is available for review in the school office or online at www.oeisd.org.

SECTION I: REQUIRED NOTICES AND INFORMATION FOR PARENTS

This section of the Odem Elementary Student Handbook includes several notices that the district is required to provide to you, as well as other information on topics of particular interest to you as a parent.

STATEMENT OF NONDISCRIMINATION

In its efforts to promote nondiscrimination, Odem-Edroy I. S. D. does not discriminate on the basis of race, religion, color, national origin, gender, or disability in providing education services, activities, and programs, including vocational programs, in accordance with Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Educational Amendments of 1972; and Section 504 of the Rehabilitation Act of 1973, as amended.

The following district staff members have been designated to coordinate compliance with these legal requirements:

- Title IX Coordinator, for concerns regarding discrimination on the basis of gender: Charles Zepeda, Superintendent.
- Section 504 Coordinator, for concerns regarding discrimination on the basis of disability: Jana Kieschnick, 368-3881, ext. 236.
- All other concerns regarding discrimination: See the superintendent Charles Zepeda.

PARENTAL INVOLVEMENT

Working Together

Both experience and research tell us that a child's education succeeds best when there is good communication and a strong partnership between home and school. Your involvement in this partnership may include:

- Encouraging your child to put a high priority on education and working with your child on a daily basis to make the most of the educational opportunities the school provides.
- Ensuring that your child completes all homework assignments and special projects and comes to school each day prepared, rested, and ready to learn.
- Becoming familiar with all of your child's school activities and with the academic programs, including special programs, offered in the district.
- Discussing with the counselor or principal any questions you may have about the options and opportunities available to your child.
- Reviewing the requirements of the graduation programs with your child, if your child is entering ninth grade.
- Monitoring your child's academic progress and contacting teachers as needed. [See **Academic Counseling** on page 20 and **Academic Programs** on page 15.]

- Attending scheduled conferences and requesting additional conferences as needed. To schedule a telephone or in-person conference with a teacher, counselor, or principal, please call the school office at 368-3881, ext. 239 for an appointment. The teacher will usually return your call or meet with you during his or her conference period or before or after school. [See **Report Cards/Progress Reports and Conferences** on page 34.]
- Becoming a school volunteer. [For further information, see policies at GKG and contact the school office at 368-3881, ext. 239].
- Participating in campus parent organizations. Parent organizations include: PTO.
- Serving as a parent representative on the district-level or campus-level planning committees, assisting in the development of educational goals and plans to improve student achievement. For further information, see policies at BQA and BQB, and contact the Superintendent’s Office.
- Serving on the School Health Advisory Council, assisting the district in ensuring local community values are reflected in health education instruction. [See policies at BDF, EHAA, FFA, and information in this handbook at **School Health Advisory Council** on page 28.]
- Attending board meetings to learn more about district operations. [See policies at BE and BED for more information.]

PARENTAL RIGHTS

Obtaining Information and Protecting Student Rights

Your child will not be required to participate without parental consent in any survey, analysis, or evaluation—funded in whole or in part by the U.S. Department of Education—that concerns:

- Political affiliations or beliefs of the student or the student’s parent.
- Mental or psychological problems of the student or the student’s family.
- Sexual behavior or attitudes.
- Illegal, antisocial, self-incriminating, or demeaning behavior.
- Critical appraisals of individuals with whom the student has a close family relationship.
- Relationships privileged under law, such as relationships with lawyers, physicians, and ministers.
- Religious practices, affiliations, or beliefs of the student or parents.
- Income, except when the information is required by law and will be used to determine the student’s eligibility to participate in a special program or to receive financial assistance under such a program.

You will be able to inspect the survey or other instrument and any instructional materials used in connection with such a survey, analysis, or evaluation. [For further information, see policy EF(LEGAL).]

“Opting Out” of Surveys and Activities

As a parent, you have a right to receive notice of and deny permission for your child’s participation in:

- Any survey concerning the private information listed above, regardless of funding.
- School activities involving the collection, disclosure, or use of personal information gathered from your child for the purpose of marketing or selling that information.
- Any nonemergency, invasive physical examination or screening required as a condition of attendance, administered and scheduled by the school in advance and not necessary to protect the immediate health and safety of the student. Exceptions are hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under state law. [See policies EF and FFAA.]

Inspecting Surveys

As a parent, you may inspect a survey created by a third party before the survey is administered or distributed to your child.

Requesting Professional Qualifications of Teachers and Staff

You may request information regarding the professional qualifications of your child’s teachers, including whether a teacher has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction; whether the teacher has an emergency permit or other provisional status for which state requirements have been waived; and undergraduate and graduate degree majors, graduate certifications, and the field of study of the certification or degree. You also have the right to request information about the qualifications of any paraprofessional who may provide services to your child.

Reviewing Instructional Materials

As a parent, you have a right to review teaching materials, textbooks, and other teaching aids and instructional materials used in the curriculum, and to examine tests that have been administered to your child.

Displaying a Student’s Artwork and Projects

The district will seek parental consent before displaying students’ artwork, special projects, photographs taken by students, and the like on the district’s Web site, in printed material, by video, or by any other method of mass communication.

Accessing Student Records

You may review your child’s student records. These records include:

- Attendance records,
- Test scores,
- Grades,
- Disciplinary records,

- Counseling records,
- Psychological records,
- Applications for admission,
- Health and immunization information,
- Other medical records,
- Teacher and counselor evaluations,
- Reports of behavioral patterns, and
- State assessment instruments that have been administered to your child.

[See **Student Records** on page 8.]

Granting Permission to Video or Audio Record a Student

As a parent, you may grant or deny any written request from the district to make a video or voice recording of your child. State law, however, permits the school to make a video or voice recording without parental permission for the following circumstances:

- When it is to be used for school safety;
- When it relates to classroom instruction or a cocurricular or extracurricular activity; or
- When it relates to media coverage of the school.

Removing a Student Temporarily from the Classroom

You may remove your child temporarily from the classroom if an instructional activity in which your child is scheduled to participate conflicts with your religious or moral beliefs. The removal cannot be for the purpose of avoiding a test and may not extend for an entire semester. Further, your child must satisfy grade-level and graduation requirements as determined by the school and by the Texas Education Agency.

Excusing a Student from Reciting the Pledges to the U.S. and Texas Flags

As a parent, you may request that your child be excused from participation in the daily recitation of the Pledge of Allegiance to the United States flag and the Pledge of Allegiance to the Texas flag. The request must be in writing. State law does not allow your child to be excused from participation in the required minute of silence or silent activity that follows. [See **Pledges of Allegiance and a Minute of Silence** on page 6 and policy EC(LEGAL).]

Excusing a Student from Reciting a Portion of the Declaration of Independence

You may request that your child be excused from recitation of a portion of the Declaration of Independence. State law requires students in social studies classes in grades 3–12 to recite a portion of the text of the Declaration of Independence during Celebrate Freedom Week unless (1) you provide a written statement requesting that your child be excused, (2) the district determines that your child has a conscientious objection to the recitation, or (3) you are a

representative of a foreign government to whom the United States government extends diplomatic immunity. [See policy EHBK(LEGAL).]

Requesting Notices of Certain Student Misconduct

A noncustodial parent may request in writing that he or she be provided, for the remainder of the school year, a copy of any written notice usually provided to a parent related to his or her child's misconduct that may involve placement in a disciplinary alternative education program (DAEP) or expulsion. [See policy FO(LEGAL) and the *Student Code of Conduct*.]

Requesting Transfers for Your Child

As a parent, you have a right:

- To request the transfer of your child to another classroom or campus if your child has been determined by the board or its designee to have been a victim of bullying as the term is defined by Education Code 25.0341. Transportation is not provided for a transfer to another campus. See the Superintendent for information. [See policy FDB.]

[See **Bullying** on page 16, and policy FFI(LOCAL).]

- To request the transfer of your child to attend a safe public school in the district if your child attends school at a campus identified by TEA as persistently dangerous or if your child has been a victim of a violent criminal offense while at school or on school grounds. [See the district's (LOCAL) policy on School Safety Transfers.]
- To request the transfer of your child to another campus or a neighboring district if your child has been the victim of a sexual assault by another student assigned to the same campus, whether that assault occurred on or off campus, and that student has been convicted of or placed on deferred adjudication for that assault. [See the district's (LEGAL) and (LOCAL) policies on School Safety Transfers.]

Requesting Classroom Assignment for Multiple Birth Siblings

As a parent, if your children are multiple birth siblings (e.g., twins, triplets, etc.) assigned to the same grade and campus, you may request that they be placed either in the same classroom or in separate classrooms. Your written request must be submitted no later than the 14th day after the enrollment of your children. [See FDB(LEGAL).]

OTHER IMPORTANT INFORMATION FOR PARENTS

Parents of Students with Disabilities

Parents of students with learning difficulties or who may need special education services may request an evaluation for special education at any time. For more information, see **Special Programs** on page 37 and contact Norma Soto, Counselor at 368-3881.

Options and Requirements for Providing Assistance to Students Who Have Learning Difficulties or Who Need or May Need Special Education

If a child is experiencing learning difficulties, the parent may contact the person listed below to learn about the district's overall general education referral or screening system for support services. This system links students to a variety of support options, including referral for a

special education evaluation. Students having difficulty in the regular classroom should be considered for tutorial, compensatory, and other academic or behavior support services that are available to all students including a process based on Response to Intervention. The implementation of Response to Intervention has the potential to have a positive impact on the ability of school districts to meet the needs of all struggling students.

At any time, a parent is entitled to request an evaluation for special education services. Within a reasonable amount of time, the district must decide if the evaluation is needed. If the evaluation is needed, the parent will be notified and asked to provide informed written consent for the evaluation. The district must complete the evaluation and the report within 60 calendar days of the date the district receives the written consent. The district must give a copy of the report to the parent.

If the district determines that the evaluation is not needed, the district will provide the parent with a written notice that explains why the child will not be evaluated. This written notice will include a statement that informs the parent of his or her rights if the parent disagrees with the district. Additionally, the notice must inform the parent how to obtain a copy of the *Notice of Procedural Safeguards—Rights of Parents of Students with Disabilities*.

The designated person to contact regarding options for a child experiencing learning difficulties or a referral for evaluation for special education is Norma Soto at 368-3881.

If a student is receiving special education services at a campus outside his or her attendance zone, the parent or guardian may request that any other student residing in the household be transferred to the same campus, if the appropriate grade level for the transferring student is offered on that campus. [See policy FDB(LOCAL).]

Accommodations for Children of Military Families

Children of military families will be provided flexibility regarding certain district requirements, including:

- Immunization requirements.
- Grade level, course, or educational program placement.
- Eligibility requirements for participation in extracurricular activities.

In addition, absences related to a student visiting with his or her parent related to leave or deployment activities may be excused by the district.

Services for Title I Participants

The Parent Involvement Coordinator, who works with parents of students participating in Title I programs is Becky Rackley and may be contacted at 368-3881, ext. 239.

Student Records

Both federal and state laws safeguard student records from unauthorized inspection or use and provide parents and eligible students certain rights of privacy. Before disclosing any personally identifiable information from a student's records, the district must verify the identity of the person, including a parent or the student, requesting the information. For purposes of student

records, an “eligible” student is one who is 18 or older OR who is attending an institution of postsecondary education.

Virtually all information pertaining to student performance, including grades, test results, and disciplinary records, is considered confidential educational records. Release is restricted to:

- The parents—whether married, separated, or divorced—unless the school is given a copy of a court order terminating parental rights or the right to access a student’s education records.

Federal law requires that, as soon as a student becomes 18, is emancipated by a court, or enrolls in a post-secondary institution, control of the records goes to the student. The parents may continue to have access to the records, however, if the student is a dependent for tax purposes and under limited circumstances when there is a threat to the health and safety of the student or other individuals.

- District school officials who have what federal law refers to as a “legitimate educational interest” in a student’s records. School officials would include trustees and employees, such as the superintendent, administrators, and principals; teachers, counselors, diagnosticians, and support staff; a person or company with whom the district has contracted or allowed to provide a particular service or function (such as an attorney, consultant, auditor, medical consultant, therapist, or volunteer); a parent or student serving on a school committee; or a parent or student assisting a school official in the performance of his or her duties. “Legitimate educational interest” in a student’s records includes working with the student; considering disciplinary or academic actions, the student’s case, or an individualized education program for a student with disabilities; compiling statistical data; reviewing an educational record to fulfill the official’s professional responsibility; or investigating or evaluating programs.
- Various governmental agencies.
- Individuals granted access in response to a subpoena or court order.
- A school or institution of postsecondary education to which a student seeks or intends to enroll or in which he or she is already enrolled.

Release to any other person or agency—such as a prospective employer or for a scholarship application—will occur only with parental or student permission as appropriate.

The principal is custodian of all records for currently enrolled students at the assigned school. The principal is the custodian of all records for students who have withdrawn or graduated.

Records may be inspected by a parent or eligible student during regular school hours. The records custodian or designee will respond to reasonable requests for explanation and interpretation of the records.

A parent or eligible student who provides a written request and pays copying costs of ten cents per page may obtain copies. If circumstances prevent inspection during regular school hours and the student qualifies for free or reduced-price meals, the district will either provide a copy of the records requested or make other arrangements for the parent or student to review these records. The address of the superintendent’s office is 1 Owl Square, Odem, Texas 78370.

The address(es) of the principals’ offices are: 1 Owl Square, Odem, Texas 78370

A parent (or eligible student) may inspect the student's records and request a correction if the records are considered inaccurate, misleading, or otherwise in violation of the student's privacy rights. A request to correct a student's record should be submitted to the principal. The request must clearly identify the part of the record that should be corrected and include an explanation of how the information in the record is inaccurate. If the district denies the request to amend the records, the parent or eligible student has the right to request a hearing. If the records are not amended as a result of the hearing, the parent or eligible student has 30 school days to exercise the right to place a statement commenting on the information in the student's record. Although improperly recorded grades may be challenged, contesting a student's grade in a course is handled through the general complaint process found in policy FNG(LOCAL). A grade issued by a classroom teacher can be changed only if, as determined by the board of trustees, the grade is arbitrary, erroneous, or inconsistent with the district's grading policy. [See FINALITY OF GRADES at FNG(LEGAL), **Report Cards/Progress Reports and Conferences** on page 34, and **Student or Parent Complaints and Concerns** on page 17 for an overview of the process.]

The district's policy regarding student records found at FL(LEGAL) and (LOCAL) is available from the principal's or superintendent's office or on the district's Web site at www.oeisd.org.

The parent's or eligible student's right of access to and copies of student records do not extend to all records. Materials that are not considered educational records—such as a teacher's personal notes about a student that are shared only with a substitute teacher—do not have to be made available to the parents or student.

Please note:

Parents or eligible students have the right to file a complaint with the U.S. Department of Education if they believe the district is not in compliance with federal law regarding student records. The complaint may be mailed to:

Family Policy Compliance Office
U. S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-5901

Directory Information

The law permits the district to designate certain personal information about students as "directory information." This "directory information" will be released to anyone who follows procedures for requesting it.

However, release of a student's directory information may be prevented by the parent or an eligible student. This objection must be made in writing to the principal within ten school days of your child's first day of instruction for this school year. [See the "Notice Regarding Directory Information and Parent's Response Regarding Release of Student Information" included in this handbook.

Directory Information for School-Sponsored Purposes

The district often needs to use student information for school-sponsored purposes. For specific school-sponsored purposes, the district may use your child's information for school sponsored

purposes. This information will not be used for other purposes without the consent of the parent or eligible student, except as described above at Directory Information.

Unless you object to the use of your child's information for these limited purposes, the school will not need to ask your permission each time the district wishes to use this information for the school-sponsored purposes listed above.

Bacterial Meningitis

State law specifically requires the district to provide the following information:

- What is meningitis?

Meningitis is an inflammation of the covering of the brain and spinal cord. It can be caused by viruses, parasites, fungi, and bacteria. Viral meningitis is most common and the least serious. Bacterial meningitis is the most common form of serious bacterial infection with the potential for serious, long-term complications. It is an uncommon disease, but requires urgent treatment with antibiotics to prevent permanent damage or death.

- What are the symptoms?

Someone with meningitis will become very ill. The illness may develop over one or two days, but it can also rapidly progress in a matter of hours. Not everyone with meningitis will have the same symptoms.

Children (over 1 year old) and adults with meningitis may have a severe headache, high temperature, vomiting, sensitivity to bright lights, neck stiffness or joint pains, and drowsiness or confusion. In both children and adults, there may be a rash of tiny, red-purple spots. These can occur anywhere on the body.

The diagnosis of bacterial meningitis is based on a combination of symptoms and laboratory results.

- How serious is bacterial meningitis?

If it is diagnosed early and treated promptly, the majority of people make a complete recovery. In some cases it can be fatal or a person may be left with a permanent disability.

- How is bacterial meningitis spread?

Fortunately, none of the bacteria that cause meningitis are as contagious as diseases like the common cold or the flu, and they are not spread by casual contact or by simply breathing the air where a person with meningitis has been. The germs live naturally in the back of our noses and throats, but they do not live for long outside the body. They are spread when people exchange saliva (such as by kissing, sharing drinking containers, utensils, or cigarettes).

The germ does not cause meningitis in most people. Instead, most people become carriers of the germ for days, weeks, or even months. The bacteria rarely overcome the body's immune system and cause meningitis or another serious illness.

- How can bacterial meningitis be prevented?

Do not share food, drinks, utensils, toothbrushes, or cigarettes. Limit the number of persons you kiss.

While there are vaccines for some other strains of bacterial meningitis, they are used only in special circumstances. These include when there is a disease outbreak in a community or for people traveling to a country where there is a high risk of getting the disease. Also, a vaccine is recommended by some groups for college students, particularly freshmen living in dorms or residence halls. The vaccine is safe and effective (85–90 percent). It can cause mild side effects, such as redness and pain at the injection site lasting up to two days. Immunity develops within seven to ten days after the vaccine is given and lasts for up to five years.

- What should you do if you think you or a friend might have bacterial meningitis?

You should seek prompt medical attention.

- Where can you get more information?

Your school nurse, family doctor, and the staff at your local or regional health department office are excellent sources for information on all communicable diseases. You may also call your local health department or Regional Department of State Health Services office to ask about a meningococcal vaccine. Additional information may also be found at the Web sites for the Centers for Disease Control and Prevention, <http://www.cdc.gov>, and the Department of State Health Services, <http://www.dshs.state.tx.us/>.

SECTION II: INFORMATION FOR STUDENTS AND PARENTS

Topics in this section of the handbook contain important information on academics, school activities, and school operations and requirements. Take a moment with your child to become familiar with the various issues addressed in this section. It is conveniently organized in alphabetical order to serve as a quick-reference when you or your child has a question about a specific school-related issue. Should you be unable to find the information on a particular topic, please contact Jim Brannigan at 368-3881.

ABSENCES/ATTENDANCE

Regular school attendance is essential for a student to make the most of his or her education—to benefit from teacher-led and school activities, to build each day’s learning on the previous day’s, and to grow as an individual. Absences from class may result in serious disruption of a student’s mastery of the instructional materials; therefore, the student and parent should make every effort to avoid unnecessary absences. Two state laws—one dealing with compulsory attendance, the other with attendance for course credit—are of special interest to students and parents. They are discussed below.

Compulsory Attendance

State law requires that a student between the ages of six and 18 attend school, as well as any applicable accelerated instruction program, extended year program, or tutorial session, unless the student is otherwise excused from attendance or legally exempt.

A student who voluntarily attends or enrolls after his or her 18th birthday is required to attend each school day until the end of the school year and is subject to compulsory attendance laws, if the student is under 21 years old. In addition, if a student 18 or older has more than five unexcused absences in a semester the district may revoke the student’s enrollment. The student’s presence on school property thereafter would be unauthorized and may be considered trespassing. [See FEA]

Students enrolled in prekindergarten or kindergarten are required to attend school.

State law requires attendance in an accelerated reading instruction program when kindergarten, first grade, or second grade students are assigned to such a program. Parents will be notified in writing if their child is assigned to an accelerated reading instruction program as a result of a diagnostic reading instrument.

A student in grades 3–8 will be required to attend any assigned accelerated instruction program, which may occur before or after school or during the summer, if the student does not meet the passing standards on the state assessment for his or her grade level and applicable subject area.

Exemptions to Compulsory Attendance

State law allows exemptions to the compulsory attendance requirements for several types of absences. These include the following activities and events:

- Religious holy days;
- Required court appearances;

- Activities related to obtaining United States citizenship;
- Service as an election clerk; and
- Documented health-care appointments, including absences for recognized services for students diagnosed with autism spectrum disorders.

In addition, a junior or senior student's absence of up to two days related to visiting a college or university may be considered an exemption, provided the student receives approval from the campus principal, follows the campus procedures to verify such a visit, and makes up any work missed.

Failure to Comply with Compulsory Attendance

School employees must investigate and report violations of the state compulsory attendance law. A student absent without permission from school; from any class; from required special programs, such as additional special instruction, termed "accelerated instruction" by the state; or from required tutorials will be considered in violation of the compulsory attendance law and subject to disciplinary action.

A court of law may also impose penalties against both the student and his or her parents if a school-aged student is deliberately not attending school. A complaint against the parent may be filed in court if the student:

- Is absent from school on ten or more days or parts of days within a six-month period in the same school year, or
- Is absent on three or more days or parts of days within a four-week period.

If the student is over age 18, the student's parents shall not be subject to penalties as a result of their child's violation of state compulsory attendance law. [See FEA(LEGAL)]

Attendance for Credit

To receive credit in a class, a student must attend at least 90 percent of the days the class is offered. A student who attends at least 75 percent but fewer than 90 percent of the days the class is offered may receive credit for the class if he or she completes a plan, approved by the principal, that allows the student to fulfill the instructional requirements for the class. If a student is involved in a criminal or juvenile court proceeding, the approval of the judge presiding over the case will also be required before the student receives credit for the class.

If a student attends less than 75 percent of the days a class is offered or has not completed a plan approved by the principal, then the student will be referred to the attendance review committee to determine whether there are extenuating circumstances for the absences and how the student can regain credit, if appropriate. [See policies at FEC]

In determining whether there were extenuating circumstances for the absences, the attendance committee will use the following guidelines:

- All absences will be considered in determining whether a student has attended the required percentage of days. If makeup work is completed, absences for the reasons listed above at **Exemptions to Compulsory Attendance** will be considered days of attendance for this purpose.

- A transfer or migrant student begins to accumulate absences only after he or she has enrolled in the district. For a student transferring into the district after school begins, including a migrant student, only those absences after enrollment will be considered.
- In reaching a decision about a student's absences, the committee will attempt to ensure that it is in the best interest of the student.
- The committee will consider the acceptability and authenticity of documented reasons for the student's absences.
- The committee will consider whether the absences were for reasons over which the student or the student's parent could exercise any control.
- The committee will consider the extent to which the student has completed all assignments, mastered the essential knowledge and skills, and maintained passing grades in the course or subject.
- The student or parent will be given an opportunity to present any information to the committee about the absences and to talk about ways to earn or regain credit.

The student or parent may appeal the committee's decision to the board of trustees by filing a written request with the superintendent in accordance with policy FNG(LOCAL).

The actual number of days a student must be in attendance in order to receive credit will depend on whether the class is for a full semester or for a full year.

Parent's Note After an Absence

When a student must be absent from school, the student—upon returning to school—must bring a note, signed by the parent that describes the reason for the absence. A note signed by the student, even with the parent's permission, will not be accepted unless the student is 18 or older.

Doctor's Note After an Absence for Illness

Upon return to school, a student absent for more than 5 consecutive days because of a personal illness must bring a statement from a doctor or health clinic verifying the illness or condition that caused the student's extended absence from school. [See FEC(LOCAL).]

ACADEMIC PROGRAMS

The school counselor provides students and parents information regarding academic programs to prepare for higher education and career choices. [For more information, see **Academic Counseling** on page 20 of this handbook and policies at EIF.]

AWARDS AND HONORS

Six-Week Honor Rolls - Honor roll will be determined at the end of each six weeks, based on the six-week grade. Students who make 90 or higher in all subjects graded numerically, (no B's or C's), and E's, G's, or S's in health, music, physical education, art, and theater arts will be recognized as being on the "A" Honor Roll. Students receiving 90's and 80's in all subjects graded numerically, (No C's), and E's, G's, or S's in health, music, physical education, art, and theater arts will be recognized as being on the A/B Honor Roll. A list of

all students making the "A" and "A/B" Honor Rolls will be included in the *Odem-Edroy Times* each six weeks.

End Of The Year Honor Roll--Honor roll will be determined at the end of the year, based on the honor rolls the student was on throughout the school year. Students who were on the All A Honor roll each six weeks (no A/B honor roll) will be on the end of the year All A honor roll. Students who were on the All "A" honor roll or the "A/B" honor roll each six weeks, will be on the end of the year all "A/B" honor roll. A list of all students making the A and A/B Honor Rolls at the end of the year will be included in the *Odem-Edroy Times* at the end of the school year.

Students should be encouraged to be successful in their academic program. Rewards are good incentives to do well. Rewards may be of several types: verbal, posting good work, stickers and other spontaneous methods.

Perfect Attendance - Students attending every single day of the year are recognized at the end of the year with a certificate for "Perfect Attendance." A list of all students making perfect attendance will be included in the *Odem-Edroy Times* each six weeks.

BULLYING

Bullying occurs when a student or group of students directs written or verbal expressions or physical conduct against another student and the behavior results in harm to the student or the student's property, places a student in fear of harm to himself or his property, or is so severe, persistent, or pervasive that it creates an intimidating, threatening or abusive educational environment.

The board has established policies and procedures to prohibit bullying and to respond to reports of bullying. [See FFI(LOCAL).]

CHILD SEXUAL ABUSE

The district has established a plan for addressing child sexual abuse, which may be accessed at www.oeisd.org. As a parent, it is important for you to be aware of warning signs that could indicate a child may have been or is being sexually abused. Sexual abuse in the Texas Family Code is defined as any sexual conduct harmful to a child's mental, emotional, or physical welfare as well as a failure to make a reasonable effort to prevent sexual conduct with a child. Anyone who suspects that a child has been or may be abused or neglected has a legal responsibility, under state law, for reporting the suspected abuse or neglect to law enforcement or to Child Protective Services (CPS).

Possible physical warning signs of sexual abuse could be difficulty sitting or walking, pain in the genital areas, and claims of stomachaches and headaches. Behavioral indicators may include verbal references or pretend games of sexual activity between adults and children, fear of being alone with adults of a particular gender, or sexually suggestive behavior. Emotional warning signs to be aware of include withdrawal, depression, sleeping and eating disorders, and problems in school.

A child who has experienced sexual abuse should be encouraged to seek out a trusted adult. Be aware as a parent or other trusted adult that disclosures of sexual abuse may be more indirect than disclosures of physical abuse, and it is important to be calm and comforting if your child, or

another child, confides in you. Reassure the child that he or she did the right thing by telling you.

As a parent, if your child is a victim of sexual abuse, the campus counselor or principal will provide information regarding counseling options for you and your child available in your area. The Texas Department of Family and Protective Services (TDFPS) also manages early intervention counseling programs. To find out what services may be available in your county, see http://www.dfps.state.tx.us/Prevention_and_Early_Intervention/Programs_Available_In_Your_County/default.asp.

The following Web sites might help you become more aware of child sexual abuse:

Reports may be made to:

The Child Protective Services (CPS) division of the Texas Department of Family and Protective Services (1 800-252-5400 or on the Web at <http://www.txabusehotline.org>).

COMPLAINTS AND CONCERNS

Usually student or parent complaints or concerns can be addressed by a phone call or a conference with the teacher or principal. For those complaints and concerns that cannot be handled so easily, the district has adopted a standard complaint policy at FNG(LOCAL) in the district's policy manual. A copy of this policy may be obtained in the principal's or superintendent's office.

In general, the student or parent should submit a written complaint and request a conference with the campus principal. If the concern is not resolved, a request for a conference should be sent to the superintendent. If still unresolved, the district provides for the complaint to be presented to the board of trustees.

COMPUTER RESOURCES

To prepare students for an increasingly technological society, the district has made an investment in computer technology for instructional purposes. Use of these computer resources is restricted to students working under a teacher's supervision and for approved purposes only. Students and parents will be asked to sign a user agreement (separate from this handbook) regarding use of these resources; violations of this agreement may result in withdrawal of privileges and other disciplinary action.

Students and their parents should be aware that e-mail and other electronic communications using district computers are not private and will be monitored by district staff. [For additional information, see policies at CQ.]

CONDUCT

School Rules

Listen and follow directions

Everyone keeps hands, feet, and objects to self.

Always respect others and all property

Raise hand for recognition to talk

Need to be prepared (homework, supplies, and dress code)

Applicability of School Rules

As required by law, the board has adopted a *Student Code of Conduct* that prohibits certain behaviors and defines standards of acceptable behavior—both on and off campus—and consequences for violation of these standards. The district has disciplinary authority over a student in accordance with the *Student Code of Conduct*. Students and parents should be familiar with the standards set out in the *Student Code of Conduct*, as well as campus and classroom rules.

Consequences

1. Verbal warning
2. Visual reminder (PK-2)
3. Time out
4. Contact parent/guardian
5. Office visit

Corporal Punishment

Corporal punishment—spanking or paddling the student—may be used as a discipline management technique in accordance with the *Student Code of Conduct* and policy FO(LOCAL) in the district’s policy manual.

Disruptions

As identified by law, disruptions include the following:

- Interference with the movement of people at an exit, entrance, or hallway of a district building without authorization from an administrator.
- Interference with an authorized activity by seizing control of all or part of a building.
- Use of force, violence, or threats in an attempt to prevent participation in an authorized assembly.
- Use of force, violence, or threats to cause disruption during an assembly.
- Interference with the movement of people at an exit or an entrance to district property.

- Use of force, violence, or threats in an attempt to prevent people from entering or leaving district property without authorization from an administrator.
- Disruption of classes or other school activities while on district property or on public property that is within 500 feet of district property. Class disruption includes making loud noises; trying to entice a student away from, or to prevent a student from attending, a required class or activity; and entering a classroom without authorization and disrupting the activity with loud or profane language or any misconduct.
- Interference with the transportation of students in vehicles owned or operated by the district.

Telecommunications Devices, Including Mobile Telephones

For safety purposes, the district permits students to possess telecommunications devices, including mobile telephones; however, these devices must remain turned off during the instructional day, including during all testing. The use of mobile telephones in locker rooms or restroom areas at any time while at school or at a school-related or school-sponsored event is strictly prohibited.

A student who uses a telecommunications device during the school day shall have the device confiscated. The parent may pick up the confiscated telecommunications device from the principal's office for a fee of \$15.

Confiscated telecommunications devices that are not retrieved by the student or student's parents will be disposed of after the notice required by law. [See policy FNCE.]

Any disciplinary action will be in accordance with the *Student Code of Conduct*. The district will not be responsible for damaged, lost, or stolen telecommunications devices.

Other Electronic Devices

Students are not permitted to possess such items as radios, CD players, MP3 players, video or audio recorders, DVD players, cameras, games, or other electronic devices at school, unless prior permission has been obtained from the principal. Without such permission, teachers will collect the items and turn them in to the principal's office. The principal will determine whether to return items to students at the end of the day or to contact parents to pick up the items.

Any disciplinary action will be in accordance with the *Student Code of Conduct*. The district will not be responsible for any damaged, lost, or stolen electronic device.

Inappropriate Use of Technology

Students are prohibited from sending or posting electronic messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another's reputation, or illegal. This prohibition applies to conduct off school property if it results in a substantial disruption to the educational environment. Any person taking, disseminating, transferring, or sharing obscene, sexually oriented, lewd, or otherwise illegal images or photographs will be disciplined according to the *Student Code of Conduct* and may, in certain circumstances, be reported to law enforcement.

Social Events

School rules apply to all school social events. Guests attending these events are expected to observe the same rules as students, and a student inviting a guest will share responsibility for the conduct of his or her guest.

A student attending a social event will be asked to sign out when leaving before the end of the event; anyone leaving before the official end of the event will not be readmitted.

CONTAGIOUS DISEASES / CONDITIONS

To protect other students from contagious illnesses, students infected with certain diseases are not allowed to come to school while contagious. If a parent suspects that his or her child has a contagious disease, the parent should contact the school nurse or principal so that other students who might have been exposed to the disease can be alerted.

The school nurse or the principal's office can provide information from the Department of State Health Services regarding these diseases.

CORRESPONDENCE COURSES

The district permits high school students to take correspondence courses—by mail or via the Internet—for credit toward high school graduation.

[For further information, see policies at EEJC.]

COUNSELING

Personal Counseling

The school counselor is available to assist students with a wide range of personal concerns, including such areas as social, family, or emotional issues, or substance abuse. The counselor may also make available information about community resources to address these concerns.

Psychological Exams, Tests, or Treatment

The school will not conduct a psychological examination, test, or treatment without first obtaining the parent's written consent. Parental consent is not necessary when a psychological examination, test, or treatment is required by state or federal law for special education purposes or by the Texas Education Agency for child abuse investigations and reports.

[For more information, refer to FFE(LEGAL) and FFG(EXHIBIT).]

DATING VIOLENCE, DISCRIMINATION, HARASSMENT, AND RETALIATION

The district believes that all students learn best in an environment free from dating violence, discrimination, harassment, and retaliation and that their welfare is best served when they are free from this prohibited conduct while attending school. Students are expected to treat other students and district employees with courtesy and respect; to avoid behaviors known to be offensive; and to stop those behaviors when asked or told to stop. District employees are expected to treat students with courtesy and respect.

The board has established policies and procedures to prohibit and promptly respond to inappropriate and offensive behaviors that are based on a person's race, color, religion, gender, national origin, disability, or any other basis prohibited by law. [See policy FFH]

Discrimination

Discrimination is defined as any conduct directed at a student on the basis of race, color, religion, gender, national origin, disability, or any other basis prohibited by law, that negatively affects the student.

Harassment

Harassment, in general terms, is conduct so severe, persistent, or pervasive that it affects the student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student's academic performance. A copy of the district's policy is available in the principal's office and in the superintendent's office.

Examples of harassment may include, but are not limited to, offensive or derogatory language directed at a person's religious beliefs or practices, accent, skin color, or need for accommodation; threatening or intimidating conduct; offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; graffiti or printed material promoting racial, ethnic, or other negative stereotypes; or other kinds of aggressive conduct such as theft or damage to property.

Sexual Harassment

Sexual harassment of a student by an employee, volunteer, or another student is prohibited.

Sexual harassment of a student by an employee or volunteer does not include necessary or permissible physical contact not reasonably construed as sexual in nature. However, romantic and other inappropriate social relationships, as well as all sexual relationships, between students and district employees are prohibited, even if consensual.

Examples of prohibited sexual harassment may include, but not be limited to, touching private body parts or coercing physical contact that is sexual in nature; sexual advances; jokes or conversations of a sexual nature; and other sexually motivated conduct, communications, or contact.

Retaliation

Retaliation against a person who makes a good faith report of discrimination or harassment, including dating violence, is prohibited. Retaliation against a person who is participating in an investigation of alleged discrimination or harassment is also prohibited. A person who makes a false claim or offers false statements or refuses to cooperate with a district investigation, however, may be subject to appropriate discipline.

Retaliation against a student might occur when a student receives threats from another student or an employee or when an employee imposes an unjustified punishment or unwarranted grade reduction. Retaliation does not include petty slights and annoyances from other students or negative comments from a teacher that are justified by a student's poor academic performance in the classroom.

Reporting Procedures

Any student who believes that he or she has experienced dating violence, discrimination, harassment, or retaliation should immediately report the problem to a teacher, counselor, principal, or other district employee. The report may be made by the student's parent. See policy FFH(LOCAL) for the appropriate districts officials to whom to make a report.

Investigation of Report

To the extent possible, the district will respect the privacy of the student; however, limited disclosures may be necessary to conduct a thorough investigation and to comply with law. Allegations of prohibited conduct, which includes dating violence, discrimination, harassment, and retaliation, will be promptly investigated. The district will notify the parents of any student alleged to have experienced prohibited conduct involving an adult associated with the district.

In the event prohibited conduct involves another student, the district will notify the parents of the student alleged to have experienced the prohibited conduct when the allegations, if proven, would constitute a violation as defined by policy.

If the district's investigation indicates that prohibited conduct occurred, appropriate disciplinary or corrective action will be taken to address the conduct. The district may take disciplinary action even if the conduct that is the subject of the complaint was not unlawful.

A student or parent who is dissatisfied with the outcome of the investigation may appeal in accordance with policy FNG(LOCAL).

DISCRIMINATION

[See **Dating Violence, Discrimination, Harassment, and Retaliation** on page 20.]

DISTRIBUTION OF PUBLISHED MATERIALS OR DOCUMENTS

School Materials

Publications prepared by and for the school may be posted or distributed, with the prior approval of the principal, sponsor, or teacher. Such items may include school posters, brochures, flyers, etc.

All school publications are under the supervision of a teacher, sponsor, and the principal.

[See **Directory Information for School-Sponsored Purposes.**]

Nonschool Materials...from students

Students must obtain prior approval from the principal before posting, circulating, or distributing written materials, handbills, photographs, pictures, petitions, films, tapes, posters, or other visual or auditory materials that were not developed under the oversight of the school. To be considered, any nonschool material must include the name of the sponsoring person or organization. The decision regarding approval will be made within two school days.

A student may appeal a principal's decision in accordance with policy FNG(LOCAL). Any student who posts nonschool material without prior approval will be subject to disciplinary action in accordance with the ***Student Code of Conduct***. Materials displayed without the principal's approval will be removed.

Nonschool Materials...from others

Written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials not sponsored by the district or by a district-affiliated school-support organization will not be sold, circulated, distributed, or posted on any district premises by any district employee or by persons or groups not associated with the district, except as permitted by policy GKDA. To be considered for distribution, any nonschool material must meet the limitations on content established in the policy, include the name of the sponsoring person or organization, and be submitted to the principal for prior review. The principal will approve or reject the materials within two school days of the time the materials are received. The requestor may appeal a rejection in accordance with the appropriate district complaint policy. [See policies at DGBA, FNG, or GF.]

Prior review will not be required for:

- Distribution of materials by an attendee to other attendees of a school-sponsored meeting intended for adults and held after school hours.
- Distribution of materials by an attendee to other attendees of a community group meeting held after school hours in accordance with policy GKD(LOCAL) or a noncurriculum-related student group meeting held in accordance with FNAB(LOCAL).
- Distribution for electioneering purposes during the time a school facility is being used as a polling place, in accordance with state law.

All nonschool materials distributed under these circumstances must be removed from district property immediately following the event at which the materials are distributed.

DRESS AND GROOMING

The district's dress code is established to teach grooming and hygiene, prevent disruption, and minimize safety hazards. Students and parents may determine a student's personal dress and grooming standards, provided that they comply with the following:

2. Hairstyles of extreme exhibitionist nature will not be allowed.

3. Length of hair when combed straight down will not exceed the middle of a dress shirt collar. Hair is not to fall in front of or over the eyes. Length of hair when combed straight down on the sides will not pass the bottom of the ear lobe. Hair is to be kept so as not to become excessively bushy. Ponytails for boys are not allowed.
4. Hair color not within the range of normal hair color, such as purple, green, blue, pink, etc... shall not be worn. No hair dyed/bleached allowed. Mohawks or spiked hair will not be allowed. Nor shall shaves or verbal messages be cut into or otherwise be reflected into the hairstyle.

**Note: In the event that these regulations are violated or abused, the student will be sent to ISS and not permitted to return to the regular classroom until the student meets the student dress code.*

EXTRACURRICULAR ACTIVITIES, CLUBS, AND ORGANIZATIONS

Participation in school-sponsored activities is an excellent way for a student to develop talents, receive individual recognition, and build strong friendships with other students; participation, however, is a privilege, not a right.

Eligibility for participation in many of these activities is governed by state law and the rules of the University Interscholastic League (UIL)—a statewide association overseeing interdistrict competition. The following requirements apply to all extracurricular activities:

- A student who receives at the end of a grading period a grade below 70 in any academic class—other than an advanced placement or international baccalaureate course; or an honors or dual credit course in English language arts, mathematics, science, social studies, economics, or a foreign language—may not participate in extracurricular activities for at least three school weeks.
- A student with disabilities who fails to meet the standards in the individualized education program (IEP) may not participate for at least three school weeks.
- An ineligible student may practice or rehearse.
- An absence for participation in an activity that has not been approved will receive an unexcused absence.

Please note: Sponsors of student clubs and UIL may establish standards of behavior—including consequences for misbehavior—that are stricter than those for students in general. If a violation is also a violation of school rules, the consequences specified by the *Student Code of Conduct* or by local policy will apply in addition to any consequences specified by the organization's standards of behavior.

[For further information, see policies at FM and FO. For student-organized, student-led groups, see **Meetings of Noncurriculum-Related Groups** on page 37.]

FEES

Materials that are part of the basic educational program are provided with state and local funds at no charge to a student. A student, however, is expected to provide his or her own pencils, paper, erasers, and notebooks and may be required to pay certain other fees or deposits, including:

- Costs for materials for a class project that the student will keep.
- Voluntarily purchased pictures
- Voluntarily purchased student accident insurance.
- Fees for lost, damaged, or overdue library books.
- Summer school for courses that are offered tuition-free during the regular school year.
- A reasonable fee for providing transportation to a student who lives within two miles of the school. [See **Buses and Other School Vehicles** on page 38.]

Any required fee or deposit may be waived if the student and parent are unable to pay. Application for such a waiver may be made to the Superintendent. [For further information, see policies at FP.]

FUND-RAISING

Student groups or classes and/or parent groups may be permitted to conduct fund-raising drives for approved school purposes. An application for permission must be made to the Superintendent at least 30 days before the event. [For further information, see policies at FJ and GE.]

GANG-FREE ZONES

Certain criminal offenses, including those involving organized criminal activity such as gang-related crimes, will be enhanced to the next highest category of offense if they are committed in a gang-free zone. For purposes of the district, a gang-free zone includes a school bus and a location in, on, or within 1000 feet of any district-owned or leased property or campus playground.

GRADING GUIDELINES

Odem Elementary student achievement is reported to parents as:

HARASSMENT

[See **Dating Violence, Discrimination, Harassment, and Retaliation** on page 20.]

HEALTH-RELATED MATTERS

Physical Activity for Students in Elementary and Middle School

In accordance with policies at EHAB, EHAC, EHBG, the district will ensure that students in full-day prekindergarten through grade 5 engage in moderate or vigorous physical activity for at least 30 minutes per day or 135 minutes per week.

Students in middle or junior high school shall engage in 30 minutes of moderate or vigorous physical activity per day for at least four semesters OR at least 225 minutes of moderate or vigorous physical activity within a two-week period for at least four semesters.

For additional information on the district's requirements and programs regarding elementary, middle, and junior high school student physical activity requirements, please see the principal.

School Health Advisory Council

During the preceding school year, the district's School Health Advisory Council held meetings. Additional information regarding the district's School Health Advisory Council is available from Liz Buckley, District Nurse. [See also policies at BDF and EHAA.]

Physical Fitness Assessment

Annually, the district will conduct a physical fitness assessment of students in grades 3–12. At the end of the school year, a parent may submit a written request to Levi Stephenson to obtain the results of his or her child's physical fitness assessment conducted during the school year.

Other Health-Related Matters

Tobacco Prohibited

The district and its staff strictly enforce prohibitions against the use of tobacco products by students and others on school property and at school-sponsored and school-related activities. [See the *Student Code of Conduct* and policies at FNCD and GKA.]

Asbestos Management Plan

The district's Asbestos Management Plan, designed to be in compliance with state and federal regulations, is available in the Superintendent's office. If you have any questions, please contact Roy Alvarado at 368-7205.

Pest Management Plan

The district applies only pest control products that comply with state and federal guidelines. Except in an emergency, signs will be posted 48 hours before application. Parents who want to be notified prior to pesticide application inside their child's school assignment area may contact Roy Alvarado at 368-7205.

HOMELESS STUDENTS

For more information on services for homeless students, contact the district's Liaison for Homeless Children and Youths, Norma Soto, at 368-3881.

HOMEWORK

Homework is the extension of the learning experience beyond the classroom. Students are assigned homework by each grade level teacher depending on each student's needs.

Homework shall be assigned for the following purposes:

- Practice assignments that reinforce skills and learning after classroom instruction has occurred.
- Extension and/or creativity assignments shall be assignments that progress beyond the regular class work and encourage the use of higher level thinking skills.

IMMUNIZATION

A student must be fully immunized against certain diseases or must present a certificate or statement that, for medical reasons or reasons of conscience, including a religious belief, the student will not be immunized. For exemptions based on reasons of conscience, only official forms issued by the Texas Department of State Health Services (DSHS), Immunization Branch, can be honored by the district. This form may be obtained by writing the DSHS Immunization Branch (MC 1946), P.O. Box 149347, Austin, Texas 78714-9347; or online at <https://webds.dshs.state.tx.us/immco/affidavit.shtm>. The form must be notarized and submitted to the principal or school nurse within 90 days of notarization. If the parent is seeking an exemption for more than one student in the family, a separate form must be provided for each student.

The immunizations required are: diphtheria, rubeola (measles), rubella (German measles), mumps, tetanus, pertussis, poliomyelitis (polio), hepatitis A, hepatitis B, varicella (chicken pox), and meningococcal. The school nurse can provide information on age-appropriate doses or on an acceptable physician-validated history of illness required by the Department of State Health Services. Proof of immunization may be established by personal records from a licensed physician or public health clinic with a signature or rubber-stamp validation.

If a student should not be immunized for medical reasons, the student or parent must present a certificate signed by a U.S. licensed physician stating that, in the doctor's opinion, the immunization required poses a significant risk to the health and well-being of the student or member of the student's family or household. This certificate must be renewed yearly unless the physician specifies a life-long condition. [For further information, see policy FFAB(LEGAL) and the Department of State Health Services Web site: <http://www.dshs.state.tx.us/immunize/school/default.shtm>.]

LAW ENFORCEMENT AGENCIES

Questioning of Students

When law enforcement officers or other lawful authorities wish to question or interview a student at school, the principal will cooperate fully regarding the conditions of the interview, if the questioning or interview is part of a child abuse investigation. In other circumstances:

- The principal will verify and record the identity of the officer or other authority and ask for an explanation of the need to question or interview the student at school.

- The principal ordinarily will make reasonable efforts to notify the parents unless the interviewer raises what the principal considers to be a valid objection.
- The principal ordinarily will be present unless the interviewer raises what the principal considers to be a valid objection.

Students Taken Into Custody

State law requires the district to permit a student to be taken into legal custody:

- To comply with an order of the juvenile court.
- To comply with the laws of arrest.
- By a law enforcement officer if there is probable cause to believe the student has engaged in delinquent conduct or conduct in need of supervision.
- By a probation officer if there is probable cause to believe the student has violated a condition of probation imposed by the juvenile court.
- By an authorized representative of Child Protective Services, Texas Department of Family and Protective Services, a law enforcement officer, or a juvenile probation officer, without a court order, under the conditions set out in the Family Code relating to the student's physical health or safety.
- To comply with a properly issued directive to take a student into custody.

Before a student is released to a law enforcement officer or other legally authorized person, the principal will verify the officer's identity and, to the best of his or her ability, will verify the official's authority to take custody of the student.

The principal will immediately notify the superintendent and will ordinarily attempt to notify the parent unless the officer or other authorized person raises what the principal considers to be a valid objection to notifying the parents. Because the principal does not have the authority to prevent or delay a student's release to a law enforcement officer, any notification will most likely be after the fact.

Notification of Law Violations

The district is required by state law to notify:

- All instructional and support personnel who have responsibility for supervising a student who has been arrested or referred to the juvenile court for any felony offense or for certain misdemeanors.
- All instructional and support personnel who have regular contact with a student who is required to register as a sex offender or who has been convicted, received deferred prosecution, received deferred adjudication, or was adjudicated for delinquent conduct for any felony offense or certain misdemeanors.

[For further information, see policies FL(LEGAL) and GRA(LEGAL).]

MAKEUP WORK

Routine and In-depth Makeup Work Assignments Because of Absence

For any class missed, the teacher may assign the student makeup work based on the instructional objectives for the subject or course and the needs of the individual student in mastering the essential knowledge and skills or in meeting subject or course requirements.

A student will be responsible for obtaining and completing the makeup work in a satisfactory manner and within the time specified by the teacher. [For further information, see policy EIAB(LOCAL).]

A student who does not make up assigned work within the time allotted by the teacher will receive a grade of zero for the assignment.

A student will be permitted to make up tests and to turn in projects due in any class missed because of absence. Teachers may assign a late penalty to any long-term project in accordance with time lines approved by the principal and previously communicated to students.

DAEP Makeup Work

A student removed to a disciplinary alternative education program (DAEP) during the school year will have an opportunity to complete, before the beginning of the next school year, a foundation curriculum course in which the student was enrolled at the time of removal. The district may provide the opportunity to complete the course through an alternative method, including a correspondence course, distance learning, or summer school. The district will not charge the student for any method of completion provided by the district. [See policy FOCA(LEGAL).]

In-school Suspension Makeup Work

A student removed from the regular classroom to in-school suspension or another setting, other than a DAEP, will have an opportunity to complete before the beginning of the next school year each course the student was enrolled in at the time of removal from the regular classroom. The district may provide the opportunity by any method available, including a correspondence course, distance learning, or summer school. The district will not charge the student for any method of completion provided by the district. [See policy FO(LEGAL).]

MEDICINE AT SCHOOL

District employees will not give a student prescription medication, nonprescription medication, herbal substances, anabolic steroids, or dietary supplements, with the following exceptions:

- Only authorized employees, in accordance with policies at FFAC, may administer:
 - Prescription medication, in the original, properly labeled container, provided by the parent, along with a written request.
 - Prescription medication from a properly labeled unit dosage container filled by a registered nurse or another qualified district employee from the original, properly labeled container.

- Nonprescription medication, in the original, properly labeled container, provided by the parent along with a written request.
- Herbal or dietary supplements provided by the parent only if required by the student's individualized education program (IEP) or Section 504 plan for a student with disabilities.
- In certain emergency situations, the district will maintain and administer to a student nonprescription medication, but only:
 - In accordance with the guidelines developed with the district's medical advisor; and
 - When the parent has previously provided written consent to emergency treatment on the district's form.

A student with asthma or severe allergic reaction (anaphylaxis) may be permitted to possess and use prescribed asthma or anaphylaxis medication at school or school-related events only if he or she has written authorization from his or her parent and a physician or other licensed health-care provider. The student must also demonstrate to his or her physician or health-care provider and to the school nurse the ability to use the prescribed medication, including any device required to administer the medication.

If the student has been prescribed asthma or anaphylaxis medication for use during the school day, the student and parents should discuss this with the school nurse.

In accordance with a student's individual health plan for management of diabetes, a student with diabetes will be permitted to possess and use monitoring and treatment supplies and equipment while at school or at a school-related activity. See the school nurse or principal for information. [See policy FFAF(LEGAL).]

Psychotropic Drugs

A psychotropic drug is a substance used in the diagnosis, treatment, or prevention of a disease or as a component of a medication. It is intended to have an altering effect on perception, emotion, or behavior and is commonly described as a mood- or behavior-altering substance.

Teachers and other district employees may discuss a student's academic progress or behavior with the student's parents or another employee as appropriate; however, they are not permitted to recommend use of psychotropic drugs. A district employee who is a registered nurse, an advanced nurse practitioner, a physician, or a certified or credentialed mental health professional can recommend that a student be evaluated by an appropriate medical practitioner, if appropriate. [For further information, see policies at FFAC.]

PLEDGES OF ALLEGIANCE AND A MINUTE OF SILENCE

Each school day, students will recite the Pledge of Allegiance to the United States flag and the Pledge of Allegiance to the Texas flag. Parents may submit a written request to the principal to excuse their child from reciting a pledge. [See **Excusing a Student from Reciting the Pledges to the U.S. and Texas Flags** on page 6.]

One minute of silence will follow recitation of the pledges. Each student may choose to reflect, pray, meditate, or engage in any other silent activity during that minute so long as the silent

activity does not interfere with or distract others. [See policy EC(LEGAL) for more information.]

PRAYER

Each student has a right to individually, voluntarily, and silently pray or meditate in school in a manner that does not disrupt instructional or other activities of the school. The school will not encourage, require, or coerce a student to engage in or to refrain from such prayer or meditation during any school activity.

PROMOTION AND RETENTION

A student will be promoted only on the basis of academic achievement or demonstrated proficiency in the subject matter of the course or grade level, the recommendation of the student's teacher, the score received on any criterion-referenced or state-mandated assessment, and any other necessary academic information as determined by the district. To earn credit in a course, a student must receive a grade of at least 70 based on course-level or grade-level standards.

In addition, at certain grade levels a student—with limited exceptions—will be required to pass the Texas Assessment of Knowledge and Skills (TAKS), if the student is enrolled in a public Texas school on any day between January 1 and April 15 and is a Texas resident during the week that the TAKS is administered the first time.

- In order to be promoted to grade 6, students enrolled in grade 5 must perform satisfactorily on the mathematics and reading sections of the grade 5 assessment in English or Spanish.

Parents of a student in grades 3–8 who does not perform satisfactorily on his or her exams will be notified that their child will participate in special instructional programs designed to improve performance. The student may be required to participate in this instruction before or after normal school hours or outside of the normal school year.

A student in grade 5 or 8 will have two additional opportunities to take a failed assessment. If a student fails a second time, a grade placement committee, consisting of the principal or designee, the teacher, and the student's parent, will determine the additional special instruction the student will receive. After a third failed attempt, the student will be retained; however, the parent can appeal this decision to the committee. In order for the student to be promoted, based on standards previously established by the district, the decision of the committee must be unanimous. Whether the student is retained or promoted, an educational plan for the student will be designed to enable the student to perform at grade level by the end of the next school year. [See policies at EIE.]

Certain students—some with disabilities and some with limited English proficiency—may be eligible for exemptions, accommodations, or deferred testing. For more information, see the principal, counselor, or special education director.

RELEASE OF STUDENTS FROM SCHOOL

Because class time is important, doctor's appointments should be scheduled, if possible, at times when the student will not miss instructional time.

A student who will need to leave school during the day must bring a note from his or her parent that morning and follow the campus sign-out procedures before leaving the campus. Otherwise, a student will not be released from school at times other than at the end of the school day. Unless the principal has granted approval because of extenuating circumstances, a student will not regularly be released before the end of the instructional day.

If a student becomes ill during the school day, the student should receive permission from the teacher before reporting to the school nurse. The nurse will decide whether or not the student should be sent home and will notify the student's parent.

REPORT CARDS / PROGRESS REPORTS AND CONFERENCES

Report cards with each student's grades or performance and absences in each class or subject are issued to parents at least once every 6 weeks.

At the end of the first three weeks of a grading period, parents will be given a written progress report if their child's performance is near or below 70, or is below the expected level of performance. If the student receives a grade lower than 70 in any class or subject at the end of a grading period, the parent will be requested to schedule a conference with the teacher of that class or subject. [See **Working Together** on page 3 for how to schedule a conference.]

Teachers follow grading guidelines that have been approved by the principal pursuant to the board-adopted policy and are designed to reflect each student's relative mastery of each assignment for the grading period, semester, or course. State law provides that a test or course grade issued by a teacher cannot be changed unless the board determines that the grade was arbitrary or contains an error, or that the teacher did not follow the district's grading policy. [See policy EIA(LOCAL).]

Questions about grade calculation should first be discussed with the teacher; if the question is not resolved, the student or parent may request a conference with the principal in accordance with FNG(LOCAL).

The report card or unsatisfactory progress report will state whether tutorials are required for a student who receives a grade lower than 70 in a class or subject.

Report cards and unsatisfactory progress reports must be signed by the parent and should be returned to the school within 3 days.

RETALIATION

[See **Dating Violence, Discrimination, Harassment, and Retaliation** on page 20.]

SAFETY

Student safety on campus and at school-related events is a high priority of the district. Although the district has implemented safety procedures, the cooperation of students is essential to ensuring school safety. A student should:

- Avoid conduct that is likely to put the student or other students at risk.
- Follow the behavioral standards in this handbook and the *Student Code of Conduct*, as well as any additional rules for behavior and safety set by the principal, teachers, or bus drivers.

- Remain alert to and promptly report to a teacher or the principal any safety hazards, such as intruders on campus or threats made by any person toward a student or staff member.
- Know emergency evacuation routes and signals.
- Follow immediately the instructions of teachers, bus drivers, and other district employees who are overseeing the welfare of students.

Accident Insurance

Soon after the school year begins, parents will have the opportunity to purchase low-cost accident insurance that would help meet medical expenses in the event of injury to their child.

Drills: Fire, Tornado, and Other Emergencies

From time to time, students, teachers, and other district employees will participate in drills of emergency procedures. When the alarm is sounded, students should follow the direction of teachers or others in charge quickly, quietly, and in an orderly manner.

Fire Drill Bells

3 bells	leave the building
1 bell	halt; stand at attention
2 bells	return to the classroom

Tornado Drill Bells

1 continuous bell	move quietly but quickly to the designated locations
2 bells	return to the classroom

Emergency Medical Treatment and Information

If a student has a medical emergency at school or a school-related activity when the parent cannot be reached, the school would need to have written parental consent to obtain emergency medical treatment, and information about allergies to medications, foods, insect bites, etc. Therefore, parents are asked each year to complete an emergency care consent form. Parents should keep emergency care information up-to-date (name of doctor, emergency phone numbers, allergies, etc.). Please contact the school nurse to update any information that the nurse or the teacher needs to know.

Emergency School-Closing Information

Announcements will be made by local radio and television stations.

SCHOOL FACILITIES

Use By Students Before and After School

Certain areas of the school will be accessible to students before and after school for specific purposes. Students are required to remain in the area where their activity is scheduled to take place.

The following areas are open to students before school, beginning at 7:30 a.m.

- Cafeteria (grades 3-5)
- Multi-purpose room (Pre K-2)

Unless the teacher or sponsor overseeing the activity gives permission, a student will not be permitted to go to another area of the building or campus.

After dismissal of school in the afternoon, and unless involved in an activity under the supervision of a teacher, students must leave campus immediately.

Conduct Before and After School

Teachers and administrators have full authority over student conduct at before- or after-school activities on district premises and at school-sponsored events off district premises, such as play rehearsals, club meetings, athletic practices, and special study groups or tutorials. Students are subject to the same rules of conduct that apply during the instructional day and will be subject to consequences established by the *Student Code of Conduct* or any stricter standards of behavior established by the sponsor for extracurricular participants.

Use of Hallways During Class Time

Loitering or standing in the halls during class is not permitted. During class time, a student must have a hall pass to be outside the classroom for any purpose. Failure to obtain a pass will result in disciplinary action in accordance with the *Student Code of Conduct*.

Cafeteria Services

The district participates in the National School Lunch Program and offers students nutritionally balanced lunches daily. Free and reduced-price lunches are available based on financial need. Information about a student's participation is confidential. See Esperanza Juarez at 368-3881, ext. 225 to apply.

The district follows the federal and state guidelines regarding foods of minimal nutritional value being served or sold on school premises during the school day. [For more information, see policy CO(LEGAL).]

Library

The library is a learning laboratory with books, computers, magazines, and other materials available for classroom assignments, projects, and reading or listening pleasure. The library is open for student use during the school day.

Meetings of Noncurriculum-Related Groups

Student-organized, student-led noncurriculum-related groups are permitted to meet during the hours designated by the principal before and after school. These groups must comply with the requirements of policy FNAB(LOCAL).

A list of these groups is available in the principal's office.

SEARCHES

In the interest of promoting student safety and attempting to ensure that schools are safe and drug free, district officials may from time to time conduct searches. Such searches are conducted without a warrant and as permitted by law.

Students' Desks

Students' desks are school property and remain under the control and jurisdiction of the school even when assigned to an individual student.

Students are fully responsible for the security and contents of their assigned desks. Searches of desks may be conducted at any time there is reasonable cause to believe that they contain articles or materials prohibited by policy, whether or not a student is present.

The parent will be notified if any prohibited items are found in the student's desk.

SPECIAL PROGRAMS

The district provides special programs for gifted and talented students, homeless students, bilingual students, migrant students, students with limited English proficiency, dyslexic students, and students with disabilities. The coordinator of each program can answer questions about eligibility requirements, as well as programs and services offered in the district or by other organizations. A student or parent with questions about these programs should contact the Curriculum Director.

SUMMER SCHOOL

Summer school may be available for students who are not performing at grade level as a possible alternative to retention.

TAKS (TEXAS ASSESSMENT OF KNOWLEDGE AND SKILLS)

In addition to routine tests and other measures of achievement, students at certain grade levels will take state-mandated assessments (such as TAKS: the Texas Assessment of Knowledge and Skills) in the following subjects:

- Mathematics, annually in grades 3–5
- Reading, annually in grades 3–5
- Writing, including spelling and grammar, in grade 4
- Science in grades 5
- Any other subject and grade required by federal law

[See policy EKB(LEGAL).]

TARDINESS

A student who is tardy to class by more than 3 minutes will be assigned to detention hall. Repeated instances of tardiness will result in more severe disciplinary action, in accordance with the *Student Code of Conduct*.

TEXTBOOKS, ELECTRONIC TEXTBOOKS, AND TECHNOLOGICAL EQUIPMENT

State-approved textbooks are provided to students free of charge for each subject or class. Books must be covered by the student, as directed by the teacher, and treated with care. Electronic textbooks and technological equipment may also be provided to students, depending on the course and course objectives. A student who is issued a damaged item should report the damage to the teacher. Any student failing to return an item in acceptable condition loses the right to free textbooks and technological equipment until the item is returned or paid for by the parent; however, the student will be provided textbooks and equipment for use at school during the school day.

TRANSFERS

[See **Requesting Transfers for Your Child**, on page 38, and **Options and Requirements for Providing Assistance to Students Who Have Learning Difficulties or Who Need or May Need Special Education**, on page 37, for other transfer options.]

TRANSPORTATION

School-Sponsored Trips

Students who participate in school-sponsored trips are required to use transportation provided by the school to and from the event. The principal, however, may make an exception if the parent makes a written request that the student be released to the parent or to another adult designated by the parent.

Buses and Other School Vehicles

The district makes school bus transportation available to all students living two or more miles from school. This service is provided at no cost to students. Bus routes and any subsequent changes are posted at the school.

A parent may also designate a child-care facility or grandparent's residence as the regular pickup and drop-off location for his or her child. The designated facility or residence must be on an approved stop on an approved route. For information on bus routes and stops or to designate an alternate pickup or drop-off location, you may contact the transportation office at 368-3881, ext. 265.

See the *Student Code of Conduct* for provisions regarding transportation to the disciplinary alternative education program (DAEP).

Students are expected to assist district staff in ensuring that buses remain in good condition and that transportation is provided safely. When riding in district vehicles, students are held to behavioral standards established in this handbook and the *Student Code of Conduct*. Students must:

- Follow the driver's directions at all times.
- Enter and leave the bus or van in an orderly manner at the designated stop.
- Keep feet, books, instrument cases, and other objects out of the aisle.

- Not deface the bus, van, or its equipment.
- Not put head, hands, arms, or legs out of the window, hold any object out of the window, or throw objects within or out of the bus or van.
- Not possess or use any form of tobacco on school buses.
- Observe all usual classroom rules.
- Be seated while the vehicle is moving.
- Fasten their seat belts, if available.
- Wait for the driver's signal upon leaving the bus or van and before crossing in front of the vehicle.

Misconduct will be punished in accordance with the Student Code of Conduct; bus-riding privileges may be suspended. The following penalties will apply:

- 1st Offense-Warning
- 2nd Offense- Parent Notification
- 3rd Offense- 1-2 days suspension off of the bus
- 4th Offense-1 week suspension off of the bus
- 5th Offense- Semester suspension off of the bus

VANDALISM

The taxpayers of the community have made a sustained financial commitment for the construction and upkeep of school facilities. To ensure that school facilities can serve those for whom they are intended—both this year and for years to come—littering, defacing, or damaging school property is not tolerated. Students will be required to pay for damages they cause and will be subject to criminal proceedings as well as disciplinary consequences in accordance with the *Student Code of Conduct*.

VIDEO CAMERAS

For safety purposes, video/audio equipment may be used to monitor student behavior, including on buses and in common areas on campus. Students will not be told when the equipment is being used.

The principal will review the video/audio recordings routinely and document student misconduct. Discipline will be in accordance with the *Student Code of Conduct*.

VISITORS TO THE SCHOOL

General Visitors

Parents and others are welcome to visit district schools. For the safety of those within the school and to avoid disruption of instructional time, all visitors must first report to the principal's office and must comply with all applicable district policies and procedures.

Visits to individual classrooms during instructional time are permitted only with approval of the principal and teacher and only so long as their duration or frequency does not interfere with the delivery of instruction or disrupt the normal school environment.

All visitors are expected to demonstrate the highest standards of courtesy and conduct; disruptive behavior will not be permitted.

WITHDRAWING FROM SCHOOL

A student under 18 may be withdrawn from school only by a parent. The school requests notice from the parent at least three days in advance so that records and documents may be prepared. The parent may obtain a withdrawal form from the principal's office.

On the student's last day, the withdrawal form must be presented to each teacher for current grade averages and book and equipment clearance; to the librarian to ensure a clear library record; to the clinic for health records; to the counselor for the last report card and course clearance; and finally, to the principal. A copy of the withdrawal form will be given to the student, and a copy will be placed in the student's permanent record.

GLOSSARY

Accelerated instruction is an intensive supplemental program designed to address the needs of an individual student in acquiring the knowledge and skills required at his or her grade level and/or as a result of a student not meeting the passing standard on a state-mandated assessment.

ACT refers to one of the two most frequently used college or university admissions exams: the American College Test. The test may be a requirement for admission to certain colleges or universities.

ARD is the admission, review, and dismissal committee convened for each student who is identified as needing a full and individual evaluation for special education services. The eligible student's parents are part of the committee.

Attendance Review Committee is sometimes responsible for reviewing a student's absences when the student's attendance drops below 90 percent of the days the class is offered. Under guidelines adopted by the board, the committee will determine whether there were extenuating circumstances for the absences and whether the student needs to complete certain conditions to master the course and regain credit lost because of absences.

DAEP stands for disciplinary alternative education program, a placement for students who have violated certain provisions of the *Student Code of Conduct*.

FERPA refers to the federal Family Educational Rights and Privacy Act that grants specific privacy protections to student records. The law contains certain exceptions, such as for directory information, unless a student's parent or a student 18 or older directs the school not to release directory information.

IEP is the written record of the Individualized Education Program prepared by the ARD committee for a student with disabilities who is eligible for special education services. The IEP contains several parts, such as a statement of the student's present educational performance; a statement of measurable annual goals, with short-term objectives; the special education and related services and supplemental aids and services to be provided, and program modifications or support by school personnel; a statement regarding how the student's progress will be measured and how the parents will be kept informed; accommodations for state or districtwide tests, etc.

ISS refers to in-school suspension, a disciplinary technique for misconduct found in the *Student Code of Conduct*. Although different from out-of-school suspension and placement in a DAEP, ISS removes the student from the regular classroom.

LAT stands for Linguistically Accommodated Testing, which is an assessment process for recent immigrant English language learners who are required to be assessed in certain grades and subjects under the NCLB Act.

NCLB Act is the federal No Child Left Behind Act of 2001.

Personal Graduation Plan (PGP) is recommended for all students entering grade 9 and is required by state law for any student in middle school or higher who fails a section on a state-mandated test or is identified by the district as not likely to earn a high school diploma before the fifth school year after he or she begins grade 9.

SAT refers to one of the two most frequently used college or university admissions exams: the Scholastic Aptitude Test. The test may be a requirement for admissions to certain colleges or universities.

Section 504 is the federal law that prohibits discrimination against a student with a disability, requiring schools to provide opportunities for equal services, programs, and participation in activities. Unless the student is determined to be eligible for special education services under the Individuals with Disabilities Education Act (IDEA), general education with appropriate instructional accommodations will be provided.

State-mandated assessments are required of students at certain grade levels and in specified subjects. Successful performance sometimes is a condition of promotion, and passing the grade 11 exit-level test is a condition of graduation. Students have multiple opportunities to take the tests if necessary for promotion or graduation.

Student Code of Conduct is developed with the advice of the district-level committee and adopted by the board; identifies the circumstances, consistent with law, when a student may be removed from the classroom or campus. It also sets out the conditions that authorize or require the principal or another administrator to place the student in a DAEP. It outlines conditions for out-of-school suspension and for expulsion. The *Student Code of Conduct* also addresses notice to the parent regarding a student's violation of one of its provisions.

TAKS is the Texas Assessment of Knowledge and Skills, the state's standardized achievement test currently given to students in certain subjects in grades 3–11.

TAKS-Accommodated is a state mandated assessment based on the same grade-level academic achievement standards of TAKS available to certain students who receive special education services who need specific accommodations, as determined by the student and his or her ARD committee.

TAKS-Alternate is an alternate state mandated assessment designed for students with severe cognitive disabilities receiving special education services who meet the participation requirements, as determined by the student and his or her ARD committee.

TAKS-Modified is an alternate state mandated assessment based on modified achievement standards and is administered to eligible students receiving special education services, as determined by the student and his or her ARD committee.

TELPAS stands for the Texas English Language Proficiency Assessment System, which assesses the progress that English language learners make in learning the English language, and is administered for those who meet the participation requirements in kindergarten–grade 12.

UIL refers to the University Interscholastic League, the statewide voluntary nonprofit organization that oversees educational extracurricular academic, athletic, and music contests.

APPENDIX I

ACKNOWLEDGMENT FORM

My child and I have received a copy of Odem Elementary Student Handbook (and the Student Code of Conduct) for 2009-2010. I understand that the handbook contains information that my child and I may need during the school year and that all students will be held accountable for their behavior and will be subject to the disciplinary consequences outlined in the code.

Regarding student records, I understand that the federal Family Educational Rights and Privacy Act and state law require that "directory information" on my child be released by the District to anyone who requests it unless I object in writing to the release of any or all of this information. I also understand that to be in compliance with the No Child Left Behind Act of 2001, the District will release to military recruiters and institutions of higher education, upon request, the name, address, and telephone listing of my child, unless I direct the District not to release this information without prior written consent, as indicated below. This objection must be filed with the principal within ten school days of my child's first day of instruction for this school year.

Directory information includes my child's:

1. Name,
2. Address,
3. Telephone listing,
4. Date and place of birth,
5. Photograph,,
6. Participation in officially recognized activities and sports,
7. Weight and height of members of athletic teams,
8. Dates of attendance,
9. Grade level,
10. Enrollment status,
11. Honor and awards received in school,
12. Most recent previous school attended, and
13. E-mail address

In exercising my right to limit release of this information, I have marked through the items of directory information listed that I direct the District not to release without my prior written consent.

ODEM-EDROY INDEPENDENT SCHOOL DISTRICT
TELECOMMUNICATIONS NETWORK

TERMS AND CONDITION FOR USE

Please read the following carefully before signing the attached contract.

PURPOSE:

Odem-Edroy Independent School District (OEISD) offers a telecommunications network (“the network”) to students, educators and community people for the sole purpose of education. “The network” is a collaborative effort between OEISD, Trans-Texas Video Network (TTVN), Telecommunication Infrastructure Board (TIF), Universal Services Administration Company-School and Library division (E-rate) and United States Department of Agriculture-Rural Utilities System (RUS), The Center for Distance Learning (CDLR) and Del Mar College. OEISD is proud to provide these services and believe that these resources offer vast, unique, and diverse resources to the whole community.

Services include a local network connecting every computer in the district to promote rapid sharing and transferring of information, videoconferencing to promote sharing of educational resources with surrounding schools and remote locations and a connection to the Internet for access to a plethora of educational topics.

While the connection to the outside world has many benefits, there are also problems associated with the connection to the rest of the world. Sensitive information must be preserved, individual rights must be respected and the equipment must be protected from external and internal damage. OEISD has taken precautions, which restrict user access to information and controversial materials. However, on a global network, it is impossible to control all materials. To maintain a healthy environment on “the network”, proper conduct and strict adherence to guidelines by the end user are required. In general this requires ethical, efficient and legal utilization of the resources. Users who violate any of these provisions will be punished and may lose their account and denied access in the future.

Read this entire document before signing, as you would any legal document.

TERMS AND CONDITIONS:

ACCEPTABLE USE: A completed User Agreement Form **MUST** be on file at the campus Principal’s office or Superintendent’s office before network resources are available. Anyone not signing the Internet Agreement Statement will not be granted access to the Internet but may still receive network privileges. Prior to having their image used in a videoconference, posted on a web page or transmitted in any manner, an individual must have a complete Photograph Release Statement. Names of students will not be posted on a web-site that is available outside the school district.

- 1) **PRIVILEGES:** The use of “the network” is a privilege not a right. Inappropriate use may result in permanent cancellation of those privileges. Based on the acceptable use policies in this document, the system administrator may close an account when necessary. The administration or the School Board may direct the system administrator to deny, revoke or suspend specific accounts.

- 2) **USER GUIDELINES:** All use of the “the network” must be in support of education. Any use of “the network” for commercial or for-profit purposes is expressly prohibited. Extensive use of “the network” for personal and private business is prohibited.
- A.) **NETIQUETTE** – Each user is expected to abide by the generally accepted rules of network etiquette. These include but are not limited to:
- Be polite. Do not write or send abusive messages or materials to others.
 - Use appropriate language. Do not swear; use vulgarities or other inappropriate language. Typing e-mail in capital letters is considered rude.
 - Do not reveal address or phone numbers to people on the Internet
 - Do not use “the network” in such a way that would disrupt services to others.
 - Electronic Mail (e-mail) is not guaranteed to be private. Do not send information via e-mail that is private. Messages relating to or in support of illegal activities may be reported to the authorities.
 - All communications and information accessible via “the network” should be assumed to be private property.
- B.) **SECURITY** – Do not use or allow others to use account information that is not your own. A “log-in” is identified by the account name and password, the individual will be held responsible for all actions of his/her account. If you discover a possible security problem, immediately report the problem to the system administrator. **DO NOT** demonstrate the problem to others. No user is permitted to “hack” or break “the network” security. Any user identified as a security risk may have his account disabled.
- C.) **COPYRIGHT** – Users will not use “the network” or its components to violate the copyright or any material. Please check the copyright rules of the materials you are using.
- D.) **HARASSMENT** – No user will use “the network” to send hate mail or to send messages or materials that are pornographic, derogatory or discriminatory in nature.
- E.) **SOFTWARE** – The software that the district believes is important to the education of the students is provided with your computer. Users are prohibited from adding or deleting programs from the computers. If additional education software is required, notify the campus principal to schedule deployment.
- F.) **INAPPROPRIATE MATERIALS** – OEISD prohibits the download, viewing, or publication of software, text, or video images that are pornographic or vulgar.
- 3) **RELIABILITY** – OEISD and its collaborative partners make no warranty for the service it is providing. OEISD will not be responsible for any damages suffered because of loss of data, inappropriate information or interruption of service. Use of “the network” is at your own risk. OEISD is not responsible for the accuracy or quality of information that is obtained from sources on the Internet.
- 4) **VANDALISM** – Vandalism will result in cancellation of privileges. Vandalism is defined as any malicious attempt to harm or destroy data, “the network”, the equipment or the software that is associated with “the network”. This includes developing or loading a virus. OEISD may file criminal charges on individuals that vandalize any property of OEISD.

5) UPDATING INFORMATION – In the event that your user information changes, please notify the system administrator by e-mail. Name changes will not be made to user accounts while school is in session.

6) RECOMMENDED DISCIPLINE

A.) The violations listed are not all-inclusive, but are representative and illustrative. A user who commits an act of misconduct, which is not specifically listed, may also be subjected to disciplinary action. If a student is receiving Special Education Services, applicable State and Federal guidelines will be followed.

B.) Appropriate actions for offenses that are deemed Misuse of Access Privileges may include:

FIRST OFFENSE-

- Counseling provided on proper procedure prior to being permitted to access computer
- Confiscation of Inappropriate Materials
- Restitution/Restoration
- Teacher/Administrator conference
- Assignment to ISS (for student)

SECOND OFFENSE-

- Loss of Internet privileges for three weeks
- Confiscation of Inappropriate Materials
- Teacher/Administrator conference
- Restitution/Restoration
- Assignment to ISS (for students)

THIRD OFFENSE-

- Loss of Internet privileges for the remainder of the year
- Confiscation of Inappropriate Materials
- Teacher/Administrator conference
- Restitution/Restoration

In addition to the disciplinary actions listed above, violations of these terms and conditions may also result in any employee or student disciplinary action allowed by local policy, the Student Code of Conduct, and state and federal law. These are guidelines and the campus administrator will enforce an equitable system for punishment for the campus.
